

# WELCOME

22-25 October 2018  
Nalen, Stockholm

## CS3STHLM IS ON ITS 5TH YEAR AND IS NOW AN ESTABLISHED TOP RATED ICS SECURITY SUMMIT

- international experts provide in-depth knowledge, analyses and recommendations related to ICS security
- topics range from latest research to policy and best-practice with examples from real world implementations
- a mix of excellent talks, exciting workshops and tutorials combined with extensive networking
- 200 participants from over 20 countries allow for unique possibilities to discuss tricky questions and hard-to-get security experiences
- outstanding and extended ICS security lab with opportunity to test setups and devices hands on
- selected partners demonstrate ICS and security solutions
